

This PacificSource health plan includes coverage for prescription drugs and certain other pharmaceuticals, subject to the information below. This plan complies with federal health care reform. To check which tier your prescription falls under, call our Customer Service team or visit [PacificSource.com/drug-list](http://PacificSource.com/drug-list).

**Prescription Drug Deductible** \$250 per person

The deductible is an amount of covered pharmacy expenses the member pays for brand medications each calendar year before the following benefits begin. Co-payments, cost difference between brand and generic drugs, drugs obtained without using the PacificSource member ID card, and out-of-network pharmacy charges do not accumulate toward the deductible. The deductible does not apply to PacificSource Preventive Rx, and Tier one prescription drugs.

The amount you pay for covered prescriptions at in-network and out-of-network pharmacies applies toward your plan's in-network medical out-of-pocket limit, which is shown on the Medical Benefit Summary. The co-payment and/or co-insurance for prescription drugs obtained from an in-network or out-of-network pharmacy are waived during the remainder of the calendar year in which you have satisfied the medical out-of-pocket limit.

**PacificSource Preventive RX**

Your prescription benefit includes certain outpatient drugs as a preventive benefit at no deductible, \$0. This includes specific drugs that are taken regularly to prevent a disease or to keep a specific disease or condition from progressing. Preventive drugs are taken to help avoid many illnesses and conditions. You can get a list of covered preventive drugs by contacting our Customer Service team or visit [PacificSource.com/drug-list](http://PacificSource.com/drug-list).
